THE COMFORT

Michaela Hill
Clinic Owner

Welcome to The Comfort Zone

ADVANCED SKIN • LASER • BEAUTY

The Comfort Zone is an advanced skin and laser clinic, combining over 22 years of industry experience with some of the latest technology in skin rejuvenation, laser and non-surgical face and body treatments.

We specialise in creating results-focused treatment plans for a wide range of skin concerns, including ageing, fine lines and wrinkles, skin laxity, pigmentation, acne and acne scarring, uneven skin tone and texture, unwanted hair and overall skin health.

Our advanced treatments include:

Advanced Skin Resurfacing • Skin Tightening • Laser Hair Removal • IPL Skin Rejuvenation • Microneedling • Chemical Peels • Advanced Facials • Body Contouring
• Lymphatic Treatments • Beauty & Hair Removal

Your Skin. Our Expertise.

We have a genuine passion for helping our clients understand and improve their skin. Our experienced team is carefully selected and continually trained in the latest developments in advanced skin, laser and aesthetic technologies, allowing us to offer treatments that go beyond the traditional beauty salon experience.

Every skin journey is different. Rather than taking a one-treatment-fits-all approach, we assess your individual concerns and recommend the treatments and technologies we believe are best suited to achieving your goals.

From your initial consultation through to your treatment course and ongoing maintenance, your safety, comfort and results are at the heart of everything we do.

Whether you are beginning your skin journey, looking for a solution to a specific concern, or simply want to maintain healthier, younger-looking skin, our team is here to guide you every step of the way.

Advanced technology. Experienced professionals. Personalised treatment plans. Real skin confidence.

We look forward to welcoming you to The Comfort Zone and being part of your skin journey.

LASER HAIR REMOVAL

---The Comfort Zone---

Using advanced medical-grade laser technology, our Laser Hair Removal treatments safely target the hair follicle at the root to significantly reduce unwanted hair growth over a course of treatments.

Results improve with each session, leaving the skin smoother with long-lasting reduction. Treatments work most effectively during the hair's active growth phase and are suitable for most skin types and areas of the face and body, with minimal discomfort and no downtime.

A close-up photograph of a tattoo removal procedure. A female technician with blonde hair tied back, wearing safety goggles and blue gloves, is using a white laser device to treat a tattoo on a patient's arm. The tattoo features a colorful design with green, yellow, and red elements. The technician's dark blue uniform has "The Office 24" embroidered on it. The background is a solid teal color, and a white medical device is partially visible on the right.

Tattoo Removal

We've Upgraded to the PicoMax Pro

Our most advanced tattoo-removal technology has arrived. The PicoMax Pro delivers an ultra-short 350-picosecond pulse, powerfully shattering tattoo pigment into microscopic particles that the body can clear more effectively.

Compared with traditional tattoo-removal lasers, our upgraded technology offers faster fading, fewer treatments, greater comfort and the best possible chance of full clearance, with less heat transferred to the surrounding skin.

Suitable for professional and amateur tattoos, as well as semi-permanent eyebrow makeup. Results and the number of treatments required will vary.

MICROPLASMA – ADVANCED SKIN RESURFACING

Take your microneedling to the next level.

Our most advanced facial yet. Fractional Radiofrequency Micro Plasma technology resurfaces, tightens and regenerates the skin by stimulating powerful collagen and elastin renewal from within.

Targets thinning skin, fine lines & wrinkles, eye lines, barcode lines around the mouth, acne scars, surgical scars, enlarged pores, sun spots, dark marks, pigmentation and uneven skin texture for firmer, smoother, clearer, younger-looking skin.

Downtime: approximately 3 days.

Price: From £190

Alma PrimeX® Radiofrequency Skin Tightening Facial

A medical-grade, non-invasive treatment that uses controlled radiofrequency energy to heat the deeper layers of the skin, stimulating collagen and elastin. It helps tighten loose skin, improve firmness, soften fine lines and create a smoother, more youthful-looking appearance with minimal downtime.

Our most relaxing facial and therapist recommendation.

PRICE: £120 per session DURATION: 60 MINUTES

Course of 6 for £600 (Pay for 5 and get 1 free)

BioRePeel - Chemical Peel

An innovation in skincare, harnessing patented 2-phase technology. Experience the bio-stimulating, revitalising, and peel-like effect that only this treatment can provide. The combination of these elements leads to a gentle exfoliation, stimulating the biosynthetic process and restoring skin structure. Not only does this combat damage from UV light, pigmentation, and acne scars, but it also effectively prevents skin aging. Ideal for all skin types, including those with fine lines, wrinkles, acne, scarring, and blackheads.

For optimal results we recommend 6 sessions, 7-10 days apart.

ALMA PrimeX®

Advanced body contouring, skin tightening & skin rejuvenation

The shape you've worked for — refined.

Whether you're on a weight-loss journey, managing changes following weight loss, or simply want a firmer, smoother and more sculpted appearance, Alma PrimeX® can help refine your results.

PrimeX combines advanced technologies to target stubborn fat, loose or thinning skin, loss of firmness, cellulite, scars and stretch marks. Treatments are completely personalised to your body, your concerns and the results you want to achieve.

Ultrasound

Targets and reduces fat thickness while preserving surrounding tissue.

Radiofrequency

Heats deep dermal layers to tighten existing collagen and stimulate new collagen production — improving firmness and skin quality.

MicroPlasma

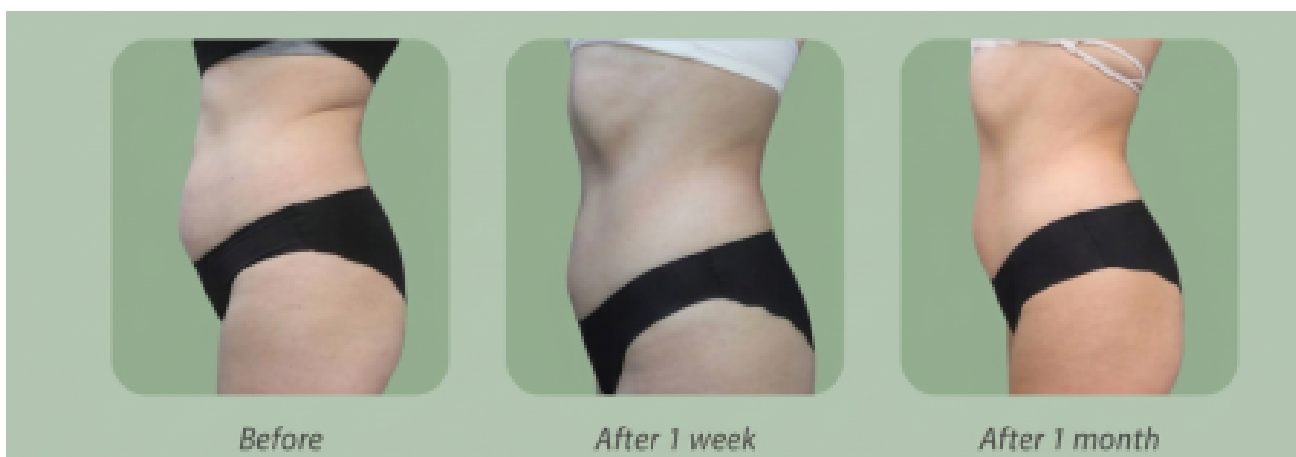

Improves the appearance of scars and stretch marks by creating controlled micro-injuries in the skin, stimulating the body's natural healing response and encouraging the regeneration of healthy new tissue.

Microneedling Facial

Skin Rejuvenation | Collagen Boost | Radiant Renewal

Transform your skin with Microneedling Pen – the next generation of advanced skin rejuvenation combining microneedling for exceptional results.

Tiny, controlled micro-channels are created in the skin to trigger your body's natural healing response, while electroporation enhances the absorption of hyaluronic acid and active serums deep beneath the surface. This delivers intense hydration, cellular repair, and a visibly firmer, smoother complexion.

Why clients love it:

- Clinically shown to stimulate up to 400% more collagen and elastin
- Reduces fine lines, wrinkles & acne scars
- Refines pores & smooths uneven texture
- Brightens pigmentation & sun damage
- Deeply hydrates with professional-grade hyaluronic acid
- Improves tone, firmness & overall radiance
- Minimal downtime – maximum glow

Experience true skin transformation – firmer, plumper, and more luminous with every treatment.
